

# Code of Conduct

All staff and volunteers of Springhurst Primary School are required to observe child safe principles and expectations for appropriate behaviour towards and in the company of children, as noted below.

## Staff

All staff will adhere to The Victorian Teaching Profession Code of Conduct. It identifies a set of principles, which describe the professional conduct, personal conduct and professional competence expected of a teacher by their colleagues and the community. It is based on the values set out in the Code of Ethics, namely, integrity, respect and responsibility. It draws on the Victorian Institute of Teaching's Standards of Professional Practice and Codes of Conduct for teachers developed by schools and other registration authorities.

## Staff and Volunteers' behaviour in undertaking child-connected work

Some simple principles should guide an adult's behaviour when undertaking child-connected work such as:

- the adult/child relationship should be professional at all times
- an adult's response to a child's behaviour or circumstance should be commensurate with the child's age and vulnerability and the adult's responsibility for the care, safety and welfare of the child
- as far as practicable an adult should not be alone with a child unless there is line of sight to other adults
- an adult should not initiate or seek physical contact or contact with children outside school.

## Acceptable behaviours

*All staff, volunteers and school council members are responsible for supporting the safety of children by:*

- listening and responding to the views and concerns of children, particularly if they are telling you that they or another child has been abused or that they are worried about their safety/the safety of another child
